CalChamber and California Business Roundtable Statement on Recall Launch

SACRAMENTO, CA — The California Chamber of Commerce and the California Business Roundtable believe that the recent step taken by the CCPOA to launch a recall effort against Governor Arnold Schwarzenegger is misguided and threatens to hurt California and its citizens.

“California has no better advocate and ambassador than Governor Schwarzenegger. Our Governor has been a champion of trade, tourism, job creation, and economic opportunity since the day he took office. During his time as Governor, he has been willing to tackle the tough issues and to provide vision and leadership for our state’s future. Governor Schwarzenegger has vetoed nearly every piece of job killing legislation that has crossed his desk. He understands the need to promote a vibrant economy and protect quality of life for our state’s residents,” said Allan Zaremborg, President and CEO of the California Chamber of Commerce.

“Governor Schwarzenegger cares about California and that is demonstrated by his support of redistricting and his commitment to long term budget reform. At this critical time in California’s history, our leaders need to be focused on resolving the state’s budget crisis and moving forward on issues critical to our future like water infrastructure and achieving proficiency in education,” said Bill Hauck, President of the California Business Roundtable.

The California Chamber of Commerce (CalChamber) is the largest broad-based business advocate to government in California. Membership represents one-quarter of the private sector jobs in California and includes firms of all sizes and companies from every industry within the state. Leveraging our front-line knowledge of laws and regulations, we provide products and services to help businesses comply with both federal and state law. CalChamber, a not-for-profit organization with roots dating to 1890, promotes international trade and investment in order to stimulate California's economy and create jobs.
