

Governor Schwarzenegger Issues
Executive Order on Commission on the 21st
Century Economy
Announces Appointment of William Hauck

(February 12, 2009) - Governor Arnold Schwarzenegger today issued an executive order on the Commission on the 21st Century Economy which will allow the Governor and the legislature an additional appointment each, bringing the total number of appointees to 14. The Governor also announced the appointment of William Hauck to the Commission on the 21st Century Economy.

Governor Schwarzenegger's Executive Order S-12-08 created the bipartisan Commission on the 21st Century Economy to re-examine and modernize California's out-of-date revenue laws that contribute to feast-or-famine state budget cycles.

Applying the principles outlined in Governor Schwarzenegger's Executive Order S-12-08, the Commission will suggest changes to state and local revenues that will result in a revenue stream that is more stable and reflective of the California economy. The Commission will report its findings to the Governor and legislature on or before April 15, 2009.
